

## CHERRY PECTORAL

For the rapid cure of  
**COUGHS, COLDS, HOARSENESS,  
BRONCHITIS, WHOOPING-COUGH,  
CROUP, ASTHMA, AND  
CONSUMPTION.**

Many years of trial, instead of inspiring the public confidence in this medicine, has won for it an appreciation and notoriety by far exceeding the most sanguine expectations of its friends. Nothing but the intrinsic virtues and the unmistakable benefits conferred on thousands of sufferers, could originate and maintain the reputation it enjoys. While many inferior remedies thrust upon the community, have failed and been discarded, this has gained friends by every trial, and conferred benefits upon the afflicted that can never be forgotten, and produced cures so numerous and so remarkable to be forgotten.

While it is a fraud on the public to pretend that any one medicine can cure all diseases, it is a fraud to pretend that the Cherry Pectoral can cure all diseases. It is not only a general thing, but almost invariably cures the maladies for which it is employed.

As time makes these facts wider and better known, this medicine has gradually become the best reliance of the afflicted, from the log cabin of the American Peasant, to the Palace of European Kings. Throughout this entire country, in every State, city, and indeed in almost every hamlet it contains, Cherry Pectoral is known as the best remedy for all diseases of the Throat and Lungs, and in many foreign countries, it is coming to be extensively used by their most intelligent physicians. In Great Britain, France and Germany, where the medical sciences have reached their highest perfection, Cherry Pectoral is introduced, and in constant use in the armies, Hospitals, Almshouses, Public Institutions, and in domestic practice, as the surest remedy, their attendants can employ for the more dangerous affections of the lungs. Also in milder cases, and for children it is safe, pleasant and effectual to cure. In fact, some of the most flattering testimonials we receive have been from parents who have found it efficacious in cases particularly incident to childhood.

The Cherry Pectoral is manufactured by a practical Chemist, and carries out of it under his own eye, with unvarying accuracy and care. It is sealed and protected by law from counterfeits, consequently can be relied on as genuine without hesitation.

We have endeavored here to furnish the community with a medicine of such intrinsic superiority and worth as should command itself to their confidence—a remedy at once safe, ready and effectual, which has been repeatedly and on numerous trials proved itself to be; and true by great care in preparing it with chemical accuracy, of uniform strength to afford Physicians a new agent on which they can rely for the best results, and the afflicted with a remedy that will do for them all that medicine can do.

To those who have been afflicted for years, and have tried every body, (as they say,) we would call their attention to this advertisement. We do not pretend that all diseases in all cases can be cured, yet there is a curable stage to all diseases and a great many can be cured after they have been pronounced incurable by many; and others relieved as to be comfortable and enjoy life. It is unnecessary here to enumerate all the diseases which flesh is heir to, and point out the curable stage of each, but call and we will tell you, without any charge, whether your particular case can be cured or not.

Special attention will be paid to Females who desire medical peculiar to themselves.

Two Lives Saved by the use of only Three Bottles of "Wistar's Balsam of Wild Cherry."

Mr. ENOS, Ky., July 24, 1852.

Measles, Harcourt Howard & Co., Gents.—The "Dr. Wistar's Balsam of Wild Cherry," that I bought of you has been of such signal benefit to my family, that I wish to make its virtues known for the benefit of the public.

My wife told me the time of her confinement which ended in her lungs. The physicians pronounced her disease consumption. She had profuse night sweats and had coughed; she was given up, for we feared of her recovery, and her child partook of her complaint. She then commenced taking "Wistar's Balsam of Wild Cherry," and three bottles effected an entire cure with her and the child too.

I have no doubt that they would have now been in their graves if they had not used Wistar's Balsam of Wild Cherry. **SETH R. SEARCY.**
